

**MAXI**

# GERMAN SHEPHERD 24™

Tailor-made for German Shepherds  
over 15 months of age

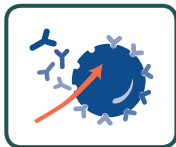

## High Protein Digestibility

The German Shepherd has a notably fragile digestive system, which often leads to soft stools and frequent digestive upset. German Shepherd 24 contains soy protein isolate (L.I.P.), sodium silico aluminate, beef pulp, MOS\*, oatmeal and brown rice to promote optimal digestion.

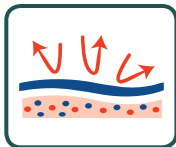

## Cross-Shaped Kibble

The unique size, shape, texture and density of the German Shepherd 24 kibble helps to slow down ingestion and encourages your German Shepherd to chew, thereby promoting better digestion with less bloat, gas and diarrhea.

## Immunity Support

The German Shepherd's activity level and athletic temperament puts stress on their immune system. MOS\* helps to build the German Shepherd's natural defenses by stimulating the production of antibodies. High levels of antioxidants such as vitamins E (600 mg/kg) & C (300 mg/kg), green tea polyphenols, lutein and taurine help to reinforce your German Shepherd's immune system.

## Skin Protection

German Shepherds have the most alkaline skin of all dog breeds. A synergistic complex of vitamins [E (600 mg/kg) & C (300 mg/kg)] and amino acids, biotin and omega 3 fatty acids helps to build and protect the skin barrier. The addition of omega 6 fatty acids, chelated copper and chelated zinc help enhance the natural beauty of your German Shepherd's coat.

\*MOS – Mannan-oligosaccharides

- 335 kcal/cup
- Cost per day: \$12.35\*

\*Average German Shepherd, 30 lb bag

## Recommended Feeding Portions (cups per day)

Weight in lbs.	Indoor or Neutered	Exercise < 1h/day	Exercise > 2h/day
55 lbs.	3 1/4 cups	3 3/4 cups	4 cups
60 lbs.	3 1/2 cups	4 cups	4 1/2 cups
70 lbs.	4 cups	4 1/2 cups	5 cups
80 lbs.	4 1/2 cups	5 cups	5 1/2 cups
90 lbs.	4 3/4 cups	5 1/2 cups	6 cups
100 lbs.	5 1/4 cups	5 3/4 cups	6 1/2 cups

1 Cup = 8 Fluid Ounces = 82 Grams
